

Systems organization of individual and collective cognition

Co-chairs: prof. Y.I. Alexandrov (Russia), prof. E. Pöppel (Germany), prof. M. Sams (Finland), prof. D.V.Ushakov (Russia)

October 22, 2020

Alexandrov Y.I. A few introductory words. 10.25 – 10.30¹

1. Gavrilov V.V. "Insight in rats" (Russia) 10.30 – 11.00
2. Zaytseva Y. "The self in the brain" (Czech Republic) 11.00 – 11.30
3. Singer T. "A social neuroscience perspective on how to train empathy, compassion and perspective taking" (Germany) 11.30 – 12.00
4. Jääskeläinen I. "Naturalistic stimuli in neuroimaging of social cognition" (Finland) 12.00 – 12.30
5. Kolbeneva M.G. "Reactivation of individual experience by sense-related adjectives and action-verbs" (Russia) 12.30 – 13.00
6. Borghi A. "Abstract concepts and sociality" (Italy) 13.00 – 13.30
7. Bao Y. "Attentional control in the visual field: The eccentricity effect" (China) 13.30 – 14:00

14.00 – 15.00 Break (Moscow Time; 19:00 – 20:00, China Time)

8. Zhou B. "Duration perception in the context of object processing" (China) 15.00 – 15.30
9. Aramyán E.A., Apanovich V.V., Dol'nikova M.S., Alexandrov Y.I. "Behavioral and brain activity differences in analytic and holistic subjects while solving different types of tasks" (Russia) 15.30 – 16.00
10. Levy J. «Building an empathic brain in times of conflict" (Finland & Israel) 16.00 – 16.30
11. Maksimova N. E., I. O. Aleksandrov, V. S. Sviridov, D. S. Turubar "Peculiarities of cross-individual psychological structures in schizophrenia" (Russia) 16.30 – 17.00

¹ Moscow time

12. Pöppel E. and Bao Y. "The magic seconds of THREE": Behavioral and neural evidence (Germany, China) 17.00 – 17.30

13. Svarnik O.E. "Experience acquisition, experience reactivation and their mixture" (Russia) 17.30 – 18.00

14. Gutyrchik E. "Neurocognitive representation of meaning" (Germany) 18.00 – 18.30

Pöppel E. Concluding remarks. 18.30
